4. Presentation by Dave Almquist about his project of cataloging the numerous sightings of Box Turtles in the Nenes

Thank you Dave Almquist for an excellent overview of the work you have done with the Box Turtles in the Nenes. Highlights included a dazzlingly array of unique and beautiful shell patterns and that our neighborhood has recorded over 200 distinct individuals since the project began a couple of years ago.

5. Neighborhood business

Traffic diversion during Magnolia Drive construction project

Edward Reid gave an overview of his knowledge, covering his excellent article in the last Optimist newsletter. Gordon expressed concern about traffic being routed through our neighborhood and asked if we could speak to the city to express our desires. Marie-Claire suggested we also reach out to Woodland Drives, as this construction work will also impact their neighborhood.

New items brought by neighbors, if any:

None, other than related to the above, Gordon brought up that too many business trucks and vans are parking in the street making driving and passing difficult and dangerous.
